How To Backup Files with PCClone

First connect a hard drive to the KWI-S2 device. Refer to the manual included on how to connect your hard drive.

1. Install PCClone EX with the CD included.

	PCClone EX Li
Welco	me to use PCCloneEX 1.83.07 Setup Wizard
	Install
	Quit

2. Open PCClone.

3. Select the folders and files you would like to back up.

4. Now press the "OTB" button twice

or click on the backup icon to start the backup process.

5. Once the backup process has finished your files will be safely stored on the hard drive connected.
