

850w

Model #: MKX-850W

The MKX-850W modular power supply delivers top notch power for your gaming experience. With enhance modular design your case will look cleaner than ever. The Kingwin MKX-850W gives you the power you need to have an incredible gaming experience. It also has active PFC, and supports high performance Nvidia SLI GPU. The stable and efficient power from this power supply enables your computer to perform at its best and will also let you game with total confidence.

Specifications

Frequency range:	50/60 Hz
Efficiency:	Up to 80% (At 230V)
Unit dimension:	6 3/8"(163mm)D x 5 1/16"(150mm)W x 3 5/16"(86mm)H
Unit weight:	4.8 lbs (2.18kg)/ unit
MTBF:	100,000 hours
Fan size:	One 140mm x 140mm x 25mm bottom
Fan speed/Noise level	1600 RPM/28.5 dBA
Warranty:	3 Years

Features

- Model: MKX-850W
- Special patented Modular cable management system
- More than 2,000 times On/Off test
- Full range design from 100V~250V (Active PFC)
- More than 80 % efficiency (At 230V, the average data in 20%, 50%, and 100% load)
- Over power/under power/over voltage/short circuit protections
- Stable +12V current
- Comply with Intel ATX/BTX standard
- Four PCI express connectors 8 pin (6 +2 Pin)
- Eight SATA connectors
- One 12V rails
- 140 mm fan
- Support Intel Core i7 / Core 2 Quad / Core 2 Duo & AMD Phenom X4 / Phenom X3 / Athlon 64 X 2 High Performance CPU
- Support High Performance Nvidia SLI GPU
